very good. Please add more puzzles. Can you save them as wall paper or screen saver ?. While I enjoy the puzzles and love castles in general, the developer actually NEEDS you to use File Explorer to access puzzles 2 - 15. The game will only load the 1st puzzle over and over unless you double click the files from the steam apps V common folder. I realize it's a dirt cheap game but COME ON.. nice games.... it just... it will more entertaining and cool if there are achievements for every type of jigsaw

so far.. i do enjoy this :P

. This is a great jigsaw puzzle game and if you have any problems just let them know and they are glad to help. Fun, relaxing game. To get to other puzzles simply right click the game title in your library and select the puzzle you would like to play as the game only loads one puzzle at a time.
